

## Your safety is our priority.

To help protect everyone, we will start requiring customers and employees at all Hertz locations to wear masks effective July 27.

Throughout the COVID-19 pandemic, we have followed guidance from the U.S. Centers for Disease Control and Prevention (CDC) to ensure the safest environment possible. The CDC recently called on Americans to wear masks to help prevent the spread of coronavirus. Therefore, we're asking customers and employees to wear masks across all our locations' touchpoints. Young children (aged 3 or below) and anyone with a health condition that prevents them from wearing a mask are exempt.

This is one more step we're taking to ensure a safer, faster, easier car rental experience. All our vehicles go through a thorough sanitization process. Additionally, we introduced Hertz Gold Standard Clean. That way, you can rent confidently knowing no one else has been in your vehicle after it's been disinfected. We also offer low-touch pickup and return options for loyalty members that strictly follow safe social distancing protocols.
