

2021 Fast Track to IHG® Rewards Platinum Elite Terms and Conditions

You must be an IHG® Rewards member and must register your member number in advance of staying, to participate in the “The Fast Track to IHG® Rewards Platinum Elite” promotion (“Promotion”). The promotion registration begins on March 8, 2021 and ends on August 31, 2021 (“Promotion Period”). Upon registration members will be presented with the opportunity to experience Gold Elite and Platinum Elite membership benefits for IHG® Rewards faster when paying a Qualifying Rate (as such rates are defined in the IHG Rewards terms and conditions). You must register for the Promotion by August 31, 2021.

By clicking “click to register” you are registering for the Promotion. Qualifying stays at participating IHG® brand hotels within 90 days of registering for the “Offer” will earn Gold Elite status after two (2) qualifying nights and Platinum Elite status after five (5) qualifying nights during the Stay Period. Stay period begins on March 8, 2021 and ends November 29, 2021 (“Stay Period”). Members will only be awarded status for nights occurring within the Promotion Period. Bookings made through on-line travel agencies or other reservations sites such as booking.com or expedia.com will not be eligible for this Promotion. Status upgrades are awarded pursuant to the IHG Rewards membership terms and conditions found at ihgrewardsclub.com.

The “Stay Period” is the period in which reservations are consumed; each registrant’s “Stay Period” is unique, as it is the period within 90 days after registration. Reservations consumed prior to registration or outside the Promotion Period will not be eligible for the Promotion. A stay can begin before the Promotion Period or end after the Promotion Period but will only receive the Promotion nights for dates within the Promotion Period. Nights that occurred before or after the Promotional Period are excluded. By way of example, a member who registers on August 31, 2021 has 90 days or until November 29, 2021 (“Stay Period”) after registration to complete their offer hurdle to reach Elite status. Offer status upgrade will be awarded into each member’s IHG® Rewards account instantly upon completion of the hurdle. Once a member receives a status upgrade during this Offer, the member may keep such status through the 2022 calendar year, after which the status must be earned for the 2023 calendar year and beyond, in accordance with the IHG® Rewards Membership Terms and Conditions.

Qualifying Stays (a minimum 1-night stay booked under a Qualifying Rate, with total spend exceeding US \$30 for each night). For additional details on Qualifying Rates, please see the full IHG® Rewards Members Terms and Conditions. Only one room per member per Qualifying Stay will be eligible for the applicable bonus points, or other benefits (if any) available under the applicable Promotion. If more than one member checks into the same room, only one member is eligible to earn nights under the promotion. If a member books more than one room on the same night, they will only receive Promotion nights on one room. No retroactive promotion nights will be awarded for nights prior to registration in the Promotion.

IHG® reserves the right to cancel, suspend and/or modify the Offer if any fraud, technical failures, human error or any other factor impairs the integrity or proper administration of the Offer. Offer and members are subject to the IHG® Rewards membership terms and conditions found at ihgrewardsclub.com.
