## Frankfurt Shines As World Design Capital of 2026

Frankfurt's designation as the World Design Capital (WDC) for 2026 will bring urban design, architecture and culture together at the WDC Hub at the Museum Angewandte Kunst, with changing workshops taking place. Frankfurt is a city of museums. Among the summer treasures, the **Städel Museum** hosts a special "Monet on the Normandy Coast. The Discovery of Étretat" exhibit through July 5, 2026. Some 170 paintings, drawings, photographs and historical documents include 24 of Claude Monet's works of the former fishing village.
